DETAILED ACTION

Election/Restrictions

1. Applicant's election of claims 1-12 in the reply filed on 07/25/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: claims 13-28 are cancelled.

Allowable Subject Matter

3. Claims 1-12 are allowed.

4. The following is an examiner's statement of reasons for allowance: the prior art of record, Choi et al. to U.S. 6,284,438 B1 teach a method of applying a photosensitive material including the steps of applying a photosensitive material on a substrate; and applying light on said photosensitive material to pattern said photosensitive material (column 10, line 24 – column 12, line 53), but fail to teach applying a photo-polymerizable resin to a substrate having dark and illuminated regions, said resin being applied to said dark regions, wherein the resin flows onto one or more dark regions and is substantially restricted from flowing onto said illuminated regions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
